

**Garden Tour is Another Winner!**

**GARDEN TOUR REPORT**

**THANKS TO ALL MEMBERS**

Our 26th tour was well attended (estimate 265) though down a bit from last year. The weather cooperated and everyone on the tour enjoyed the beautiful yards of the Koenig's, Lees, Reuther's and Stevenson's. We heard many good comments and were complimented for continuing this annual project.

I am grateful to all our members who support this project by giving of their time, talents and resources so that we might be successful. Twenty-two members and two friends were at the different sites or the Arts Center and/or provided refreshments for the pre-tour social and the reception. In addition, many members made contributions and also sold their tickets so that our receipts might enable us to make healthy donations to our endowment at UJ, the Legal Advocacy Fund and the AAUW Foundation.

A special thank you to the following members who also helped as part of the committee: Patsy Klose, tickets, door prizes and flowers; Joan Slusser, photos and name tags; Kelsey Barstad, brochure format and poster distribution; Deb Alber, website; Jill Schlenker, sign for parade and publicity; Donna Gullickson, balloons and name tags; Mary Craft, balloons; Lauren Sako, maps and photos; Barb Lang and grandchild Hadley and Donna Gullickson who rode in the parade and Joan Enderle, pre-tour social. We should also give special appreciation to our member from Bismarck, Connie Hildebrand, and our Valley City member, Arlys Netland, who were willing to drive here to help at a tour site.

The financial report is not yet complete and I hope that the several members who have not returned ticket money will do so soon. If there is anyone with a bill we also need to receive it. The next newsletter should have the final numbers. It was my pleasure to coordinate the Garden Tour and I enjoy working with all of you. Everyone is very cooperative and I hope we might have new people come forward another year to assist our long-time committee members. If there are suggestions or comments that would help us next year, please get them to me.

## Mary Craft Appointed AAUW ND State Funds Chair

(We still don't know what this is all about!)

As reported in the last Newsletter, Mary Craft was recently appointed as the AAUW ND State Funds Chair. She began her first official duty in office by attending a special one-day event for State Fund Chairs in San Diego, CA on June 18<sup>th</sup>.

As I have run out of room for a report on this new job, we will have to wait until next month to hear from Mary.
