

CAROL DELANEY

601 11th St. SW
"HAPPY HAVEN"

Carol moved to this twin home six years ago. It was a 'blank slate' just waiting to be brought to life! Because of the smaller yard size, Carol has gotten creative with her landscaping and design ideas. She has created two sitting areas on the north and south sides of her home. She enjoys the quiet mornings on her back patio, relaxing, reading, bird watching and doing devotions.

She has added paver blocks to the back patio area, her annuals are in pots and raised planter boxes to accommodate her lack of mobility. The perennials in the ground have lots of mulch to limit the need for weeding!

Her garden art has come from friends and souvenirs she has found along the way in her travels while on vacation. Her favorite art is her inspirational collection, along with her water fountain and solar lanterns. Future plans include an underground water system and a shade canopy.

ILEENE ALBIN

605 11th St. SW

"MY LITTLE PARADISE"

Ileene has been at this home for 4 years. Each year a landscape project has been completed. The rocks around her home were brought in and saved from their farm fields and donated from her neighbor.

The front of Ileene's home is designed to give you a cottage feel with flowers tucked away in the entry. Patios have been added on the front and back of the home.

Ileene's late husband built the garden cart, bridge, bench and 'pretend' duck pond.

Look for lots of angels, frogs and interesting craft and hobby items. The grandchildren and great-grandchildren have left their garden art on painted stones on the hillside.

Pink is Ileene's favorite flower color! There is a wide variety of annuals, perennials, trees and bushes. She is adding wildflowers, as she finds them.

Ileene's backyard has a very peaceful feeling. Yellow finches are frequent visitors. It is a great place to relax, enjoy a meal, read a morning devotion and enjoy nature—even if it turns out to be deer and bunnies!

Special thanks to:

Businesses who helped us publicize

The Jamestown Sun, CSI, Bank Forward, FCCU, Unison Bank, I3G Media

Businesses who sold tickets, publicized the tour & donated prizes:

Country Gardens, Don's House of Flowers, Comfort, The Arts Center, Lloyds Toyota, AAUW Used Bookstore & Dakota Store

**33rd Annual
AAUW
Garden Tour
July 19, 2023
4 - 8 PM**

Featured Gardens:

**Mary Zenker and LeAnn Pollert
Norm and Kay Aldinger
Mike and Penny Landscoot
Carol Delaney
Ileene Albin**

Refreshments & Exhibit

**The Arts Center
115 2nd St. SW
5:30—8 PM**

Door Prize drawings at 8 pm

**Special Thanks to our
Garden Hosts!**

Your ticket purchase benefits AAUW scholarships at the University of Jamestown and the AAUW Foundation Fund which provides grants and funding for projects that promote equity for women and girls. Thank you!

MARY ZENKER AND LEANN POLLERT
814 17th St. NE
"HAPPY PLACE"

A fire destroyed this home, yard and garden in 2016. Mary and LeAnn, with the help of friends, saved as many perennials and landscaping bricks as possible. In the past 7 years, they have re-created the front yard and backyard flower and garden spots. Water fountains and lighting add to the peacefulness of a warm summer night. Half of the apple tree in the back survived the fire. It still grows amazing apples!

Family assisted in putting up the fence and pergola. LeAnn has added her touch with gnome and fairy villages that depict memories and history of their families and their friendships.

Look for the unique hanging light. After the fire destroyed Mary's grandma's piano, friends took the piano keys and made a 'light' to represent no matter how dark the days, light will continue to shine.

At the back of the fence, is "the back forty". You will find 5 garden beds— three of them are raised garden beds made from railroad ties that Mary's dad built. The backyard is designed to be a safe haven, a way to tell their histories in the flowers and décor around the home.

NORM AND KAY ALDINGER
232 13th Ave. NE
" FAMILY PAD"

When Norm and Kay moved to this home 27 years ago they started from scratch and added something each year. They both tend to the yard with Kay doing most of the flowers and Norm manages the lawn, decorating and design ideas.

Their backyard is designed for family affairs as their three kids, 6 of 8 grandkids and 11 of 14 of their great-grandchildren and one great-great grandson live in Jamestown! They have hosted bbq parties, a wedding reception and a family reunion later this month.

Many of the flowers around the yard are in pots and planters as it is easier to care for them. The painting on their fence was done by their neighbor:) They farmed for 35 years and brought the rock that is in their front yard in from the farm.

Family helps with the 'hard' stuff as it comes along and a great-grandson mows the lawn every Friday!

MIKE AND PENNY LANDSCOOT
236 13th Ave. NE
"TOTAL RELAXATION"

Mike and Penny moved here in 1990 and they have been designing their yard ever since. They like to add new things every year to keep it looking fresh.

Mike helps with the heavy lifting projects. He has built four window boxes, added a garage, and a 'she' shed! The front porch was a birthday gift to Penny.

Penny leaves her creative mark on many of the items in the backyard—a polka dot chair, painted window boxes and big flowers on the back fence to name a few.

Look for Spirea and rose bushes, along with many lilies, red, white and pink bleeding hearts, hostas, sedum and clematis.

A cardinal, an elephant, a bee and a windcatcher were added throughout the garden /sunroom to remember loved ones.

They enjoy the patio for making s'mores or reading, the sunroom for watching a little TV and morning coffee on the front porch.
